BNSc Programme

Open Day Presentation 2021

- General Nursing
- Intellectual Disability Nursing

Bachelor of Nursing Science General and Intellectual Disability Nursing

- Four calendar year programme
- St. Angela's College in conjunction with the Health Service Executive
- Programme:
 1. Curricular content
 2. Approximately 50% of programme in practice
 3. Paid Internship

Information regarding clinical placements

Eighty one weeks are spent on placement across the duration of the programme varying in length. The final 36 weeks of year 4 are a paid placement (internship).

To meet the national requirements of the programmes students clinical placements are in a range of acute and community settings

Students will therefore be required to travel to these clinical placements and/or avail of accommodation. It is the responsibility of the students to arrange travel and alternative accommodation for placement when required. An allowance for travel to selected external placements and accommodation is available for nursing students by the HSE, however, this allowance is only a contribution towards travel and accommodation and may not meet the full costs/expenses incurred during these external placements
